

Outputs

```
graph BT; Inputs[Inputs] --> MHA[MHA]; MHA --> TransformerEncoder[Transformer Encoder]; TransformerEncoder --> Outputs[Outputs]
```

The diagram illustrates a sequential process flow. At the bottom, a light blue rectangular box labeled 'Inputs' has an upward-pointing arrow leading to a large, light yellow rounded rectangular box labeled 'Transformer Encoder'. Inside the 'Transformer Encoder' box is a smaller, light purple rectangular box labeled 'MHA'. From the top of the 'Transformer Encoder' box, another upward-pointing arrow leads to a light green rectangular box at the top labeled 'Outputs'.
